MODERN EDUCATION HAS AS ITS AIM THE

● Modern education in the United States today has as its aim the development of the whole student so that he may function as a constructive citizen in a great democracy. To attain this objective the school must develop in the child an understanding and appreciation of those cherished ideals which for generations have constituted the foundations of the democratic government upon which public education must be built.

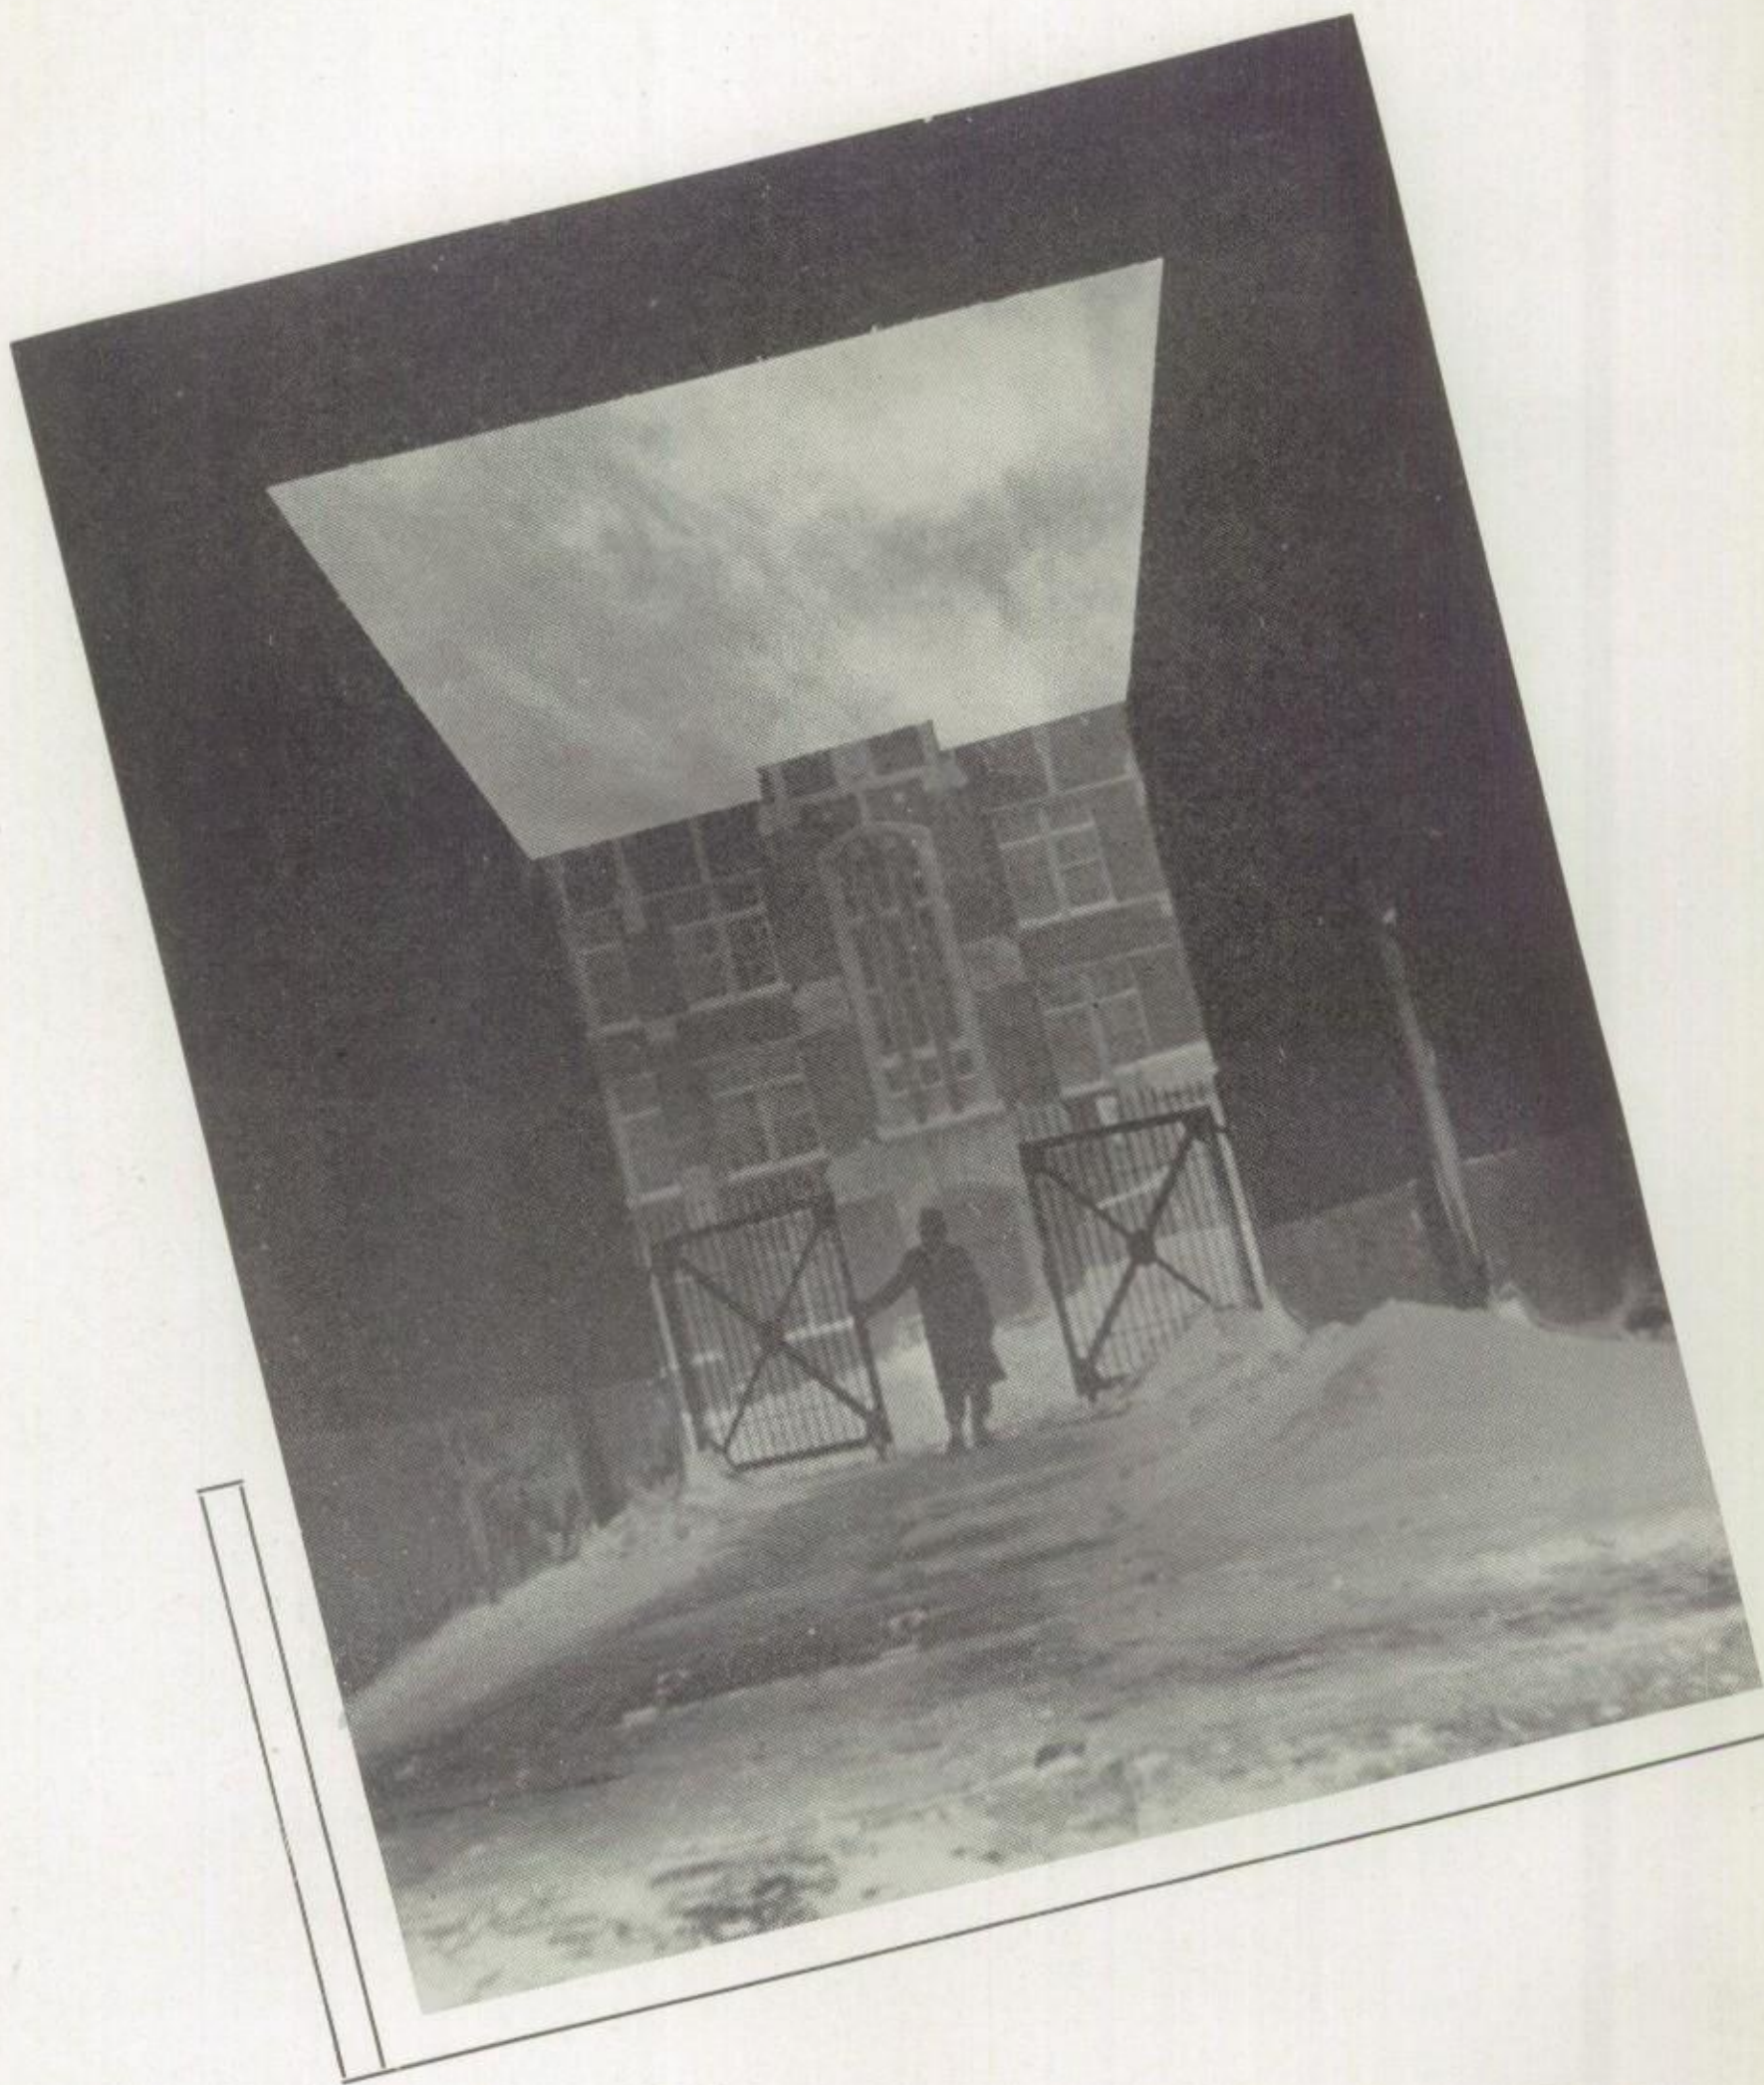

DEVELOPMENT OF THE WHOLE STUDENT

Since social progress in a democracy is possible only through the personal development of the individual, the first great purpose of education is to lead the child toward self-realization. He must be taught how to use the fundamental tools of learning, how to safeguard his health, how to spend his leisure in constructive recreation, and how to attain a philosophy of life that will enable him to make the adjustments demanded by life.

Education for the building of character should be the first goal of all education. The student should be led to realize that human welfare should be placed at the top of his ladder of values and to feel that whenever his conduct has an evil effect upon other persons, and their relations with each other, such conduct is inimical to society, even though it may bring him personal economic gain.

The second goal of modern education should be training for economic efficiency. In a democracy each is expected to follow the occupation best suited to his abilities and through which he can contribute most in goods or services to the welfare of all. It is the duty of the school, therefore, to assist the child in finding such an occupation.

The third goal of this type of education should be to provide the student with a knowledge that will enable him to discharge his civic duties intelligently, with a courage to cope with those destructive influences which may seek to interfere with his discharge of these duties, and with the realization that he must regard civic responsibility as the privilege of citizenship in a great democracy.

STUDENT COURT JUSTICES

The All Calumet Civic League is the one all-inclusive student organization of Calumet. Desire for membership is the only requisite and in 1938-39 approximately ninety-eight per cent of the student body was enrolled.

Mr. Joseph Dickman sponsors this organization and Russell Bath is its efficient president. He owes his election to a clever campaign slogan "Take a Bath for President" and to the devotion of his able campaign managers Terry Portz, Howard Staff, and Bob Purdue. He is assisted by Allan Burris, vice-president; Winifred Beals, secretary, and Lorraine Curtin, treasurer.

STUDENT PARTICIPATION - THE GOAL

Promotion of student welfare is the purpose of the All Calumet Civic League. This year it expended \$250.00 for school assemblies and \$250.00 for school improvements. It operates through three departments: the Student Council, the Student Court, and the Executive Council.

The Student Council, called in the constitution the General Assembly, is composed of delegates from each division in the school who meet in Room 215 eighth period on Tuesdays. This miniature Congress, the upper house of the bi-cameral legislative body, and presided over by the president, meets to discuss matters pertaining to general welfare. For example, the purchase of sound projectors for classroom use and of a public address system were matters discussed this year. Money to finance the annual Clean-up Campaign comes by majority vote of this House.

Delegates collect dues, sell tickets, sponsor collections for the Children's Aid Society, for the Red Cross, and for the Roosevelt Fund to combat infantile paralysis.

The Student Court is composed of seven justices, one from each of the semester divisions above 1B. It convenes weekly and passes upon the constitutionality of all legislation.

It has jurisdiction, also, over minor offenses of pupils. It tries offenders arrested by hall guards, and punishes those declared guilty with extra study periods. The seven justices sit together on each case and a majority vote decides the fate of the defendant.

The Executive Council provides the school organizations with a voice in student government. Its members are the presidents from each club and class. It meets weekly in lively sessions to initiate new laws and to present them to the General Assembly in the form of recommendations.

WESTCOTT A. C. C. L.

The Westcott A. C. C. L. is affiliated with the Calumet A. C. C. L. The aims and objectives of these organizations are identical. The activities of the Westcott branch include an annual circus as well as many socials and parties.

1939 profits from such festivities will be used to purchase a moving picture machine and a public address system for the school.

These organizations demonstrate beyond question that well regulated mingling of the student body in an all school organization results in an harmonious cooperation that benefits the individual pupil and the school and community as well.

CRIER STAFF GIVES US OUR LOCAL NEWS

The world's greatest newspaper? Without even so much as stopping to deliberate the matter, any thinking person will immediately snap, "The Calumet Crier!"

Perhaps its scope is not as large as that of the city papers, but when it can scoop them, as it has done, we know that a story covered by the Crier may be considered as blanketed.

The Crier has few things in common with the ordinary paper. First, it prints the truth; second, it advocates no foreign policy; third, it cares not whether the streets are paved or the garbage collected; and fourth, it plays no political favorites. Though there are many more, these few reasons should serve as ample proof of the Crier's superiority. It IS a good paper.

Observing its twenty-third birthday, the Crier again won the All-American rating.

This has been a year of variety issues. For instance, for Halloween the paper was orange and the type black; Thanksgiving saw a pumpkin yellow edition; St. Patrick's day was greeted with green ink; the April Fools' issue was one of super-silly content.

Following the staff's trip to Indianapolis, Indiana, for the National Scholastic Press Association convention, the Crier received a new hair-do in the manner of streamlining. Many technical changes were made to facilitate its readability and general appearance. Too, there has been a jump in the number of pictures per issue.

One of the more radical changes made during the last year was the attempt to change the price from five to three cents. Because of the students' rapid response to the idea, the lowered price has gone into permanent effect.

Most credit for this change is due Raymond Griffin, faculty member in charge of circulation.

A valuable addition to the faculty advisors of the Crier is Anne Heagney, who now has charge of the advertising.

Reading between the lines we find the Crier to be a paper "FOR the kids, BY the kids, and ABOUT the kids."

THE TEMULAC-THE TIE THAT BINDS

The 1939 Temulac staff has attempted to give you an annual delightful to look at and pleasant to read.

A variety of interests make up high school life. All these interests meet in this book where you will see a review of the social and athletic, as well as the academic side of school life. As a medium of intercourse between present, former, and future students, and as an organ representing every department and organization within the school it stands as a link in the chain of memories you take with you when you leave school, and as a tie to bind you to your Alma Mater.

With the ancient and honorable deadline rolling down upon the Temulac office, feverish activity prevails. Editor-in-chief Sara Aronberg rushes hither and thither making a final check-up before the dummy is packed for shipment to the printer, while Mrs. Musgrave stands by to re-check.

Business manager Irving Wolf, assisted by Ed Fahrner and Don Johnson, puts on the pressure to get pecuniary matters in A-1 shape, while on the sidelines are teachers Joseph Dickman and Royce Kinnick, ready to give frequent and necessary advice.

Associate editors Constantine Kontos, James Cunningham, Richard Krug, and Norman Lindahl, under the literary guidance of Mrs. Frances R. Donovan, sigh with relief as the articles for the last pages take form, and secretaries Nathalie Rosen and Eleanor Carlson make the copy ready for the printing press.

In the pasting, cutting, and senior-activities departments are Harriet Carlson, Gloria Bloomquist, Dorothy Duncan, Rosella Kephart, and Dot Campbell to see that the results of the labor shape up to specifications and that each picture is where it belongs.

Photographers Harold Weiss and Herbert Schiff snap last minute photos; there must be no blank spaces when the dummy reaches its destination.

Meantime the student body waits with breathless expectancy the release of Calumet's most fascinating year book—The Temulac 1939.

UPPER LEFT: A Senior Girls' Council Group. CENTER AND RIGHT: The Green Hop Committee. LOWER LEFT: An informal group of members around the piano. LOWER CENTER: A Senior Girls' Council Meeting.

On a Tuesday in May, 1939 the Civic Room presents a gala appearance. A long table, resplendent with lace cloth, dainty china, gleaming silver, and tall lighted candlebra stands at one end and on chairs at the opposite end sit ladies in elegant spring frocks and bonnets. To and fro flit lovely lassies, short skirts swirling, short curls bobbing. The Senior Girls' Council is giving a tea.

"And who are the guests?" asks our inquiring reporter.

"Mothers of graduating seniors," explains Elaine Olsen, president of the Council. "We always entertain them.

"And who pays the bill?" demands the reporter.

"We do," Elaine answers. "With the profits from the Green Hop."

"May any senior girl be a member of this Council?" is the next question.

"No, indeed," Elaine answers, emphatically this time. "Only girls who receive sponsoring votes from at least ten of the members of the faculty . . . And now, please, excuse me, for I must greet the guests and announce our program of entertainment."

HOMEMAKERS OF TOMORROW

THE HOME MANAGEMENT CLUB

This club sponsors tours to such exhibits as, for example, the Chicago Lighting Institute where, during a recent visit, the members saw a demonstration in home lighting, and to the Spring Style Show where Miss Lapp, of the School Sewing Service, introduced them to intriguing 1939 fashions in feminine apparel.

But its activities are not confined entirely to self-improvement. It also makes contributions to the Children's Aid Society and to various hospitals.

When the American Home Economics Association, with which the club is affiliated, convenes in the vicinity of Chicago, delegates from Calumet attend and exchange ideas with members from other schools.

To be eligible for participation in the club's activities one must belong, or have belonged, to a Home Management Class. Dues total twenty-five cents per semester and alternate Thursdays are meeting days for these wives and mothers of tomorrow.

Those who officiate at these meetings are Virginia Stone, president; Nancy Beck, vice-president; Edna Morris, secretary; and Kay Morrison, treasurer. Miss Sybel Beach is the sponsor.

THE PARENT-TEACHER ASSOCIATION

The Calumet P.T.A. for twenty-five years has been a cooperative unit made up of parents and teachers of Calumet. Its long life—so the members contend—is attributable to its motto: With youth we learn the art of living.

This year the Association celebrated its Silver Anniversary by presenting a pageant which showed the changes in style and custom that have taken place in the past twenty-five years.

CALUMET ASSISTANT LIBRARIANS

"Aiding the students," each individually, is the motto of the Calumet Assistant Librarians. Under the leadership of Naomi Fine, president; June Heminway, vice-president; Lydia Vallera, treasurer; Peg Lowe, secretary, and Mary Kennedy, social secretary, the group not only improves the students' work, by aiding them to find the best information the library offers, but also carries on many activities which aid the student body.

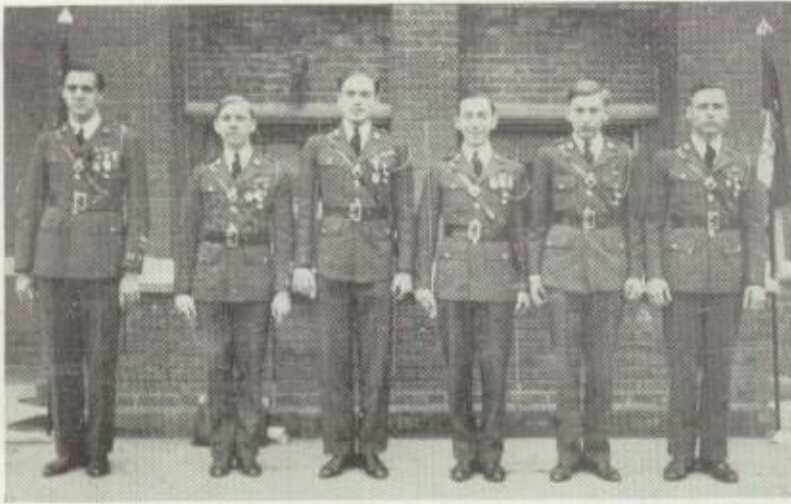

Miss Louise Randall sponsors the organization. About sixty-five girls work in the ten-periods of a school day. The Club emblem, with the letters C. A. L. printed across it, is always found on the White Sweaters worn by members on Friday meeting day.

The R. O. T. C. provides Calumet with color and romance. To stirring strains of national anthems it carries Old Glory down the aisles at assemblies, leads in the salute to the Flag, and in the repeating of the Oath of Allegiance.

R. O. T. C. guards lend the dignity of their presence at all school affairs and give a romantic tone to balls and dances sponsored by Seniors, as well as to their own annual Military Ball, an event of primary importance in the social life of the school.

Every year since 1932 annual Federation Inspection by the War Department of the United States Government has ranked Calumet's R. O. T. C. in the Honor School. Under the command of Sergeant J. Tutlis, military instructor since 1936, its march has been steadily forward.

The unit has within its ranks the Commissioned Officers' Club, whose members, in case of war will be ranked as non-commissioned officers in the regular army, the Non-Commissioned Officers' Club whose purpose is to promote leadership among members, and the Band, which furnishes inspiration to marching feet.

Terry Portz—Chairman

Inspired by the slogan INTEREST THROUGH ACTION Calumets' 1939 Clean-up Committee inaugurated a campaign that brought stupendous results. Begun in March, campaign activities continued until they culminated in the grand parade of April 21, where the entire student membership of the A. C. C. L., with Terry Portz as leader, clad in aprons and overalls, and carrying buckets and brushes marched through the streets of Auburn Park to exhort its inhabitants to paint up and clean-up.

During the spring vacation—April 21 to May 1—Calumet students, aided by units from the contributing grammar schools, and by civic and business group of Auburn Park united in a glorious spring cleaning of the neighborhood. Soap was made into suds, paint brushes were slapped against dingy walls and wood work, refuse barrels were compelled to yield up their hoardings, and new brooms were forced to sweep in the most enthusiastic Clean-up ever put on by the students of Calumet.

SAFETY COUNCIL STUDIES TRAFFIC

When the Temulac reporter paid a recent visit to the auto shop he found a class of earnest boys grouped around the president of the Calumet Safety Council. They were checking the weekly report, issuing theatre passes to the week's safest drivers, making additions to the "RESULTS OF CARELESS DRIVING" scrap book, and pushing colored tacks into an enlarged graphic map to show the number of automobile accidents that week in the Auburn Park District.

Under Mr. John Deegan the Safety Council has developed into a strong, well organized, and efficient agency for the prevention of auto accidents. He is assisted by Larry Blessington, president; William Dering, vice-president; William Winter, treasurer; William Jurascheck and Larry Ostling, secretaries; and Sherman Johnston, photographer of accidents.

Among the recent contributions made by the Council to the welfare of Calumet is the compulsory registration system for automobiles and bicycles, which is designed to prevent theft and to solve parking problems. Under way, also, is a plan for providing each owner of a bicycle with insurance against loss.

Calumet is proud of its Safety Council. It is making constructive contributions towards the welfare of Calumet and Chicago. In fact it is doing a bang-up job. Nice going, fellows!

FOOTBALL TEACHES TEAMWORK

CALUMET'S FOOTBALL RECORD

SHEWBRIDGE FIELD, Sept. 24.—A touchdown in the final two minutes of play enabled Morgan Park to defeat Calumet, 7-0, today in one of the opening south section games.

SHEWBRIDGE FIELD, Oct. 8.—Calumet defeated Harper today, 18-7. The Indians crossed the Crimson goal once in the first quarter and twice in the fourth quarter to emerge with their first triumph of the year.

In the opening period Henry Piper, Indian halfback, intercepted a pass from Hugh MacInnes, Harper fullback and captain, on the Crimson's 25-yard line and ran to the eight-yard stripe before being stopped. Piper carried the ball to the 4-yard line on the first play and within two more plays Casey Novakowski drove over for the first touchdown.

Late in the first quarter Harper took a one-point lead when MacInnes shot a 30-yard pass to Custer for a touchdown and place-kicked the extra point.

Calumet regained the lead in the fourth period when Kenny Friend, halfback, snared Henry Piper's 20-yard pass and scampered across the Harper goal line for the second score of the afternoon.

The final touchdown came late in the fourth period when John Cronin, Calumet fullback, led a drive from the 50-yard line and climaxed it by plunging over from the two-yard line.

SHEWBRIDGE FIELD, Oct. 15.—By winning this afternoon's game with Parker, 13-0, the Indians closed the gap in the record of games won and lost in their series with the traditional section rivals. The victory was their fifth in the twelve meetings with the Green and White gridders. Parker has won six and one ended in a tie.

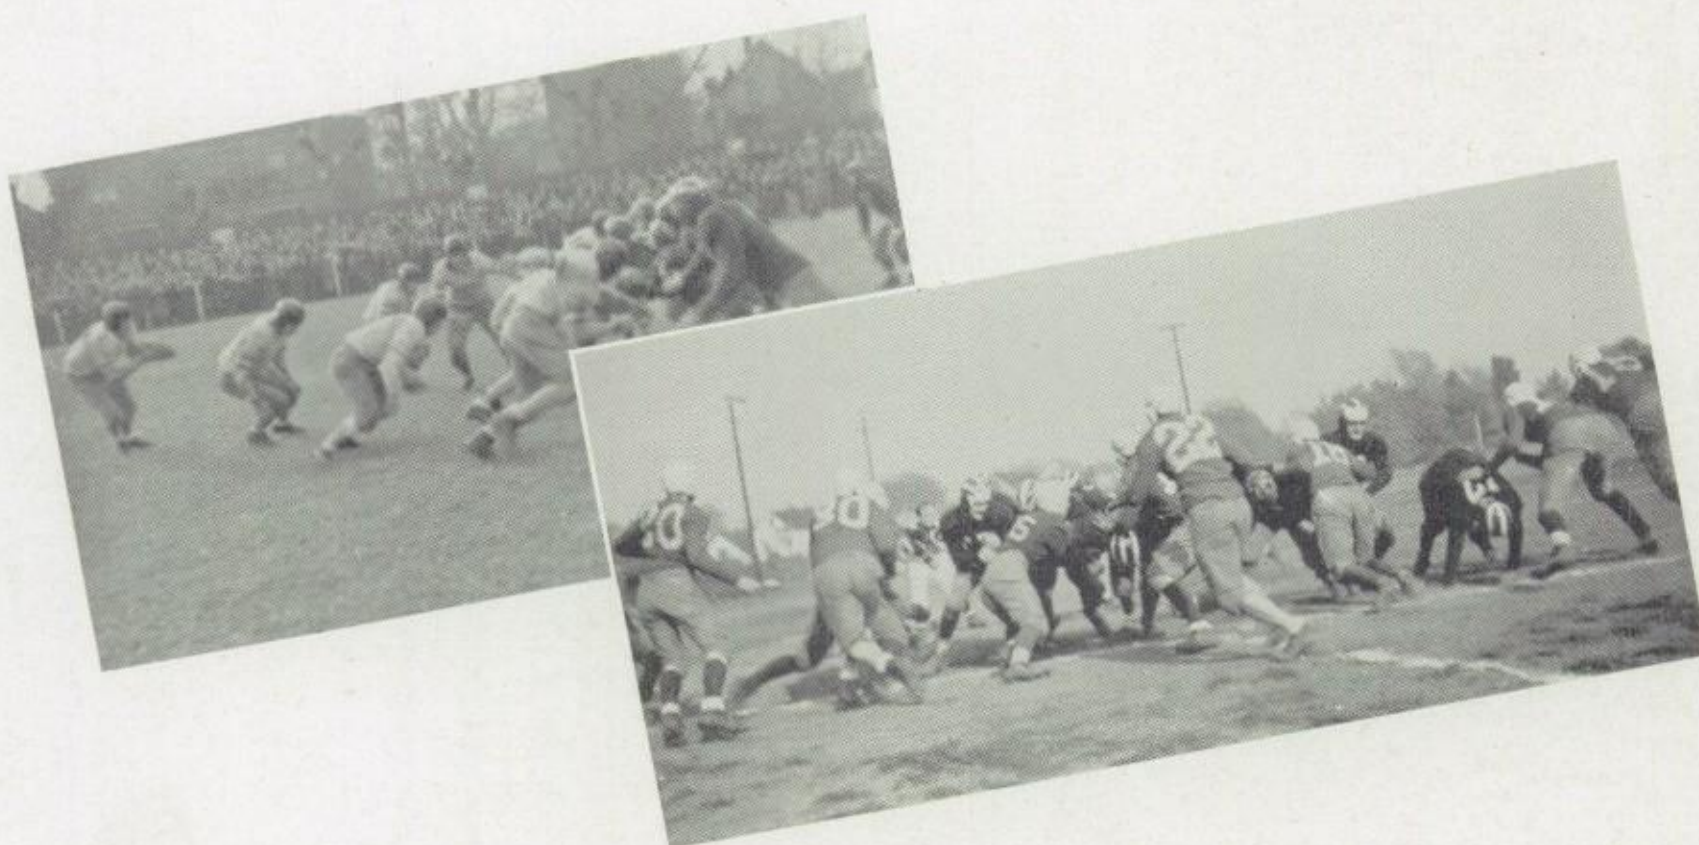

In the opening minutes of play Henry Piper, Indian halfback, took a lateral from quarterback Johnny MacDonald on the Parker 30-yard line after MacDonald had brought the ball up from midfield on an off-tackle play. Casey Novakowski converted the point after touchdown from placement.

Late in the final quarter Henry Piper drove off right tackle on his own 25-yard line and raced 75 yards for the second touchdown of the afternoon. Novakowski's try for the extra point went under the crossbar.

SHEWBRIDGE FIELD, Oct. 22.—With third place in the south section at stake, Kenny Friend nailed a fifteen-yard pass from Johnny MacDonald, on the Calumet 25-yard line and raced 75 yards for the winning touchdown. The final score was Calumet 6, Bowen 0.

PULLMAN TECH FIELD, Oct. 29. — Coach Chuck Palmer's 1938 Public School League and City champions gave an accurate display of its strength when they defeated Calumet this afternoon, 41-0.

Don Griffin, junior quarterback, was the spark of the Fenger attack, scoring five touchdowns to raise his season scoring achievements to 84 points.

CALUMET'S FOOTBALL SQUAD -

SHEWBRIDGE FIELD, Nov. 5.—Third place in the south section. That's the spot in which Calumet's pigskin toters finished their league schedule as a result of their scoreless tie game with Hirsch here this afternoon.

Calumet threatened to score twice but failed. In the second quarter Tony Lambros recovered a Hirsch fumble on the Maroon's 39-yard line. Novakowski brought the ball down to the Hirsch 17-yard line in four plays. Piper on the next play put the ball on the 10-yard line. Calumet was penalized 5 yards for offensive holding. Novakowski fumbled and Woods recovered for Hirsch on the Maroon's 13-yard line, ending the first threat.

BASKETBALL

With the completion of his first season at Calumet Coach Ted Hansen has proved that he can build top-notch basketball teams. His Senior Quintet, which was in the thick of the fight for the section title throughout the season, finished with a record of 5 victories and 3 defeats behind Parker, Hirsch, and Hyde Park, who were tied for first place with 6 triumphs in 8 starts.

Composing the first team were Captain George Johnson, and Harry Glickauf, forwards; George Tebbins, center; and Captain Nick Fusco, who played until February when he graduated, and Mike Clifford, guards. Other members of the team were Bob Haarlow, brother of the former University of Chicago cage star; Melvin Cummings; Art Johnson, Burt Swanson, Wally Soderlind, Chester Francis, and William Simms.

The Junior Five didn't finish up to expectations when they lost four and won four in eight league starts. Victories were recorded over Harper, Fenger, Hyde Park, and Bowen, with losses suffered at the hands of Hirsch, section champions, Parker, Morgan Park, and Englewood.

Pickerell and Thetard at forwards, Conlon at center, and Captain Walsh and Moreland at guards composed the first string Junior Five, with Tamason, O'Hara, Pereckas, Miller, Pearson, and McKay holding down the substitute positions on the team.

When the all-south section basketball teams were selected by the nine coaches in the sector Captain George Johnson, of the Senior Five, and Bill Moreland of the Junior Quintet were chosen for the first team of their respective quintets.

INTERCLASS BASKETBALL

Sessions LR. Director and 303 are the interclass basketball champions of Calumet High School for the year of 1938-39. Session 303 managed to capture the title by defeating 167, 22-13, in the tournament held last fall, while LR. Director won the championship by eking out a 21-19 triumph over 249B during the present semester.

BOYS' SWIMMING TEAM

Once again Calumet's mermen proved to be of superior quality as they placed second in the 20-yard pool meet and third in the 25-yard pool meet, in addition to winning the south section swimming championship.

In the 20-yard pool meet Bob Lambert took top honors for the Indians by winning the 40-yard backstroke in :24.1. In a record breaking event, the 40-yard breaststroke, Loren Brown finished fourth in a photo-finish. The event broke the old record of :24.8 and established :24 as the new mark. The medley relay team, composed of Loren Brown, Bob Lambert and Ed Murray placed second to Lane.

In the recent 25-yard pool meet Calumet participated in three record breaking events. The junior medley relay team placed second to Lane with a new mark of 1:35.4 being established. Loren Brown, the only other Indian junior qualifier, placed second in the 50-yard breaststroke.

Calumet qualified three in the senior division. Bob McNeal finished fourth in the 100-yard breaststroke when another record was established at 1:08.6, and Bob Lambert ended up in fifth place in the 100-yard backstroke. The Indians' senior medley relay team finished second to Lane in another record breaking event in which 1:26.4 was the new mark for relay teams to break.

BASEBALL

Calumet's baseball season was deemed a success by the Indians' diamond enthusiasts as the result of the team's 10-to-9 victory over Parker, bitter and traditional rivals, in the final game of the season on Kenny Friend's home run in the final inning.

Other games on the "pay-off" side of the Indians' league ledger were two victories over Bowen, winning the first 11-to-4, and the second 4-to-1. In the second game Clarence Nettleton allowed the Boilermakers only one hit, a single to center after one out in the final inning.

Two more victories were registered at the expense of the Hirsch Maroons, the Chatham nine losing the first encounter 6-to-5, and the second 6-to-4.

Calumet's sixth victory of its twelve-game schedule was recorded against Fenger when the Indians staged a three-run rally in the final frame to win 4-to-3.

The Indians' six league losses were attributed to its weak defensive play. Morgan Park and Harper each scored double victories, the Empehi nine winning, 12-4, and 7-4, while the Crimson diamond squad scored 7-to-4 and 4-to-3 triumphs.

Parker, Calumet's arch-rivals, won the first game between the two teams 11-to-3, and Fenger scored an 11-to-4 triumph in their return game with the Indians.

In practice encounters the Indians defeated Hyde Park, 8-5, Englewood, 5-3, and Kelly, 7-5, while the Kelly nine won an earlier contest, 3-2.

Norm Frank, veteran centerfielder, topped the hitters in the league games with an average of .410, closely followed by Kenny Friend, junior third sacker, with .375, and Marky Walsh, captain and second baseman, who had .341. Gus Ziagos was the team's leading pitcher with five league victories and three defeats, in addition to having a batting average of .333. Clarence Nettleton, the Indians' other No. 1 hurler, registered one triumph in four league starts.

Returning to next year's team are Kenny Friend, Wally Soderlind, Jack Hintz, Jim O'Hara, Tim Angland, "Specs" Logsdon, Paul Hopkins, Ed Marvinac, and Augie Clements.

WRESTLING PROVIDES EXCITEMENT

Calumet's wrestling team showed plenty of stuff in the city and state tournaments again this year but failed to make any sort of record in the dual meets.

Leading the team was Tony Lambros, state and city champion last year in the 145-pound class, who moved up to the next weight, 155 pounds, and added the state and city crowns to his achievements of last year.

Harvey Hyland, who placed second in the 105-pound class in the city meet last year, came back this year to take the city title in the 115-pound division and fourth place in the same weight at the state tournament. The only other Indian grappler that managed to place in either the state or city meets was Dick Berry, who placed second in the 105-pound class in the city meet. Both Hyland and Berry will return to next year's mat team.

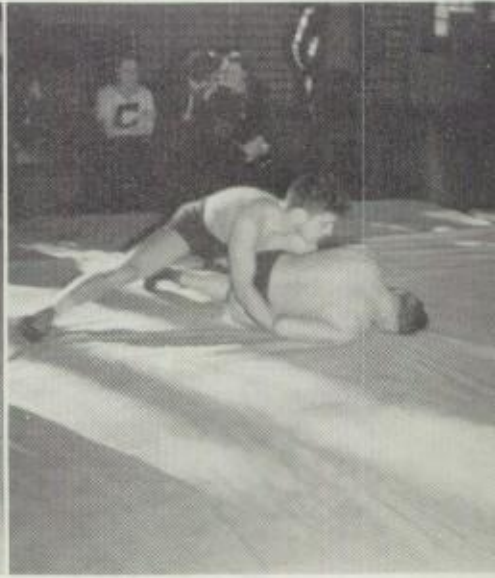

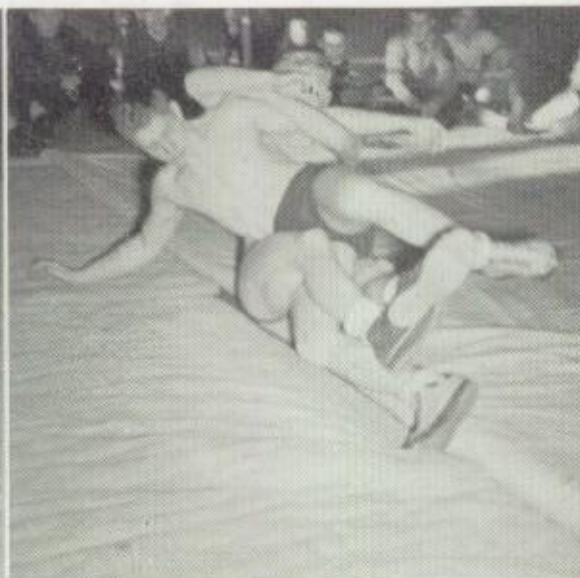

Francis Cronin, Ken Dorow, Jack Grill, Bob Jacobs, and Oscar Racina all lost out in the quarter-finals of the city meet.

1. Cal's down.

2. Cronin victorious.

3. Grabbing for the Cameraman.

4. Lambros crushes Fengerman.

PROMOTERS OF HEALTH INTEREST

May we present Miss Agness Fletcher and Mr. Edwin Dygert, directors of girls' and boys' sports respectively, and guardians of health activities at Calumet. Under their direction the comparatively new physical education program, which requires, in addition to the regular gymnasium periods, a period each week for four years devoted to the study of health, runs along smoothly.

The course of study in this important subject is flexible and sympathetic, as well as pertinent to the health problems of every day life, and the class work is so organized that it progresses in difficulty with each semester. Instead of a single textbook a supply of reference books is on hand in the library for pupils to consult during study periods. Teachers also recommend critical reading of health articles in newspapers and magazines and critical appraisal of advertising matter pertaining to health. For example, advertisements of cosmetics, health cures, and patent medicines are carefully examined and reported upon in class periods.

Establishment of correct health habits is encouraged in several ways. Physical, medical, and dental examinations are required. Students are shown how to keep a health chart, and the importance of correct posture is emphasized. Participation in games and sports, both individually and in groups during gymnasium periods is required, and such outdoor activities as swimming, hiking, skating, bicycling, tennis and golf playing, and horseback riding are sponsored by faculty members of the Department of Physical Education.

But the most important objective of this health and physical activity program at Calumet, aside from meeting the present needs of the pupil for exercise and recreation, is the establishment of desirable health habits and the promotion of interest in healthful recreation that will carry over into adulthood, safeguard health, and encourage a use of leisure time that will result in abundant and vibrant health throughout a long, useful, and happy life.

THE LETTER GIRLS CLUB

Membership in this club is open only to girls who, by accumulating a total of 1,000 points in scholarship, sport, health, efficiency, and service, have won G. A. A. letters.

At the beginning of each semester the Letter Girls give an Initiation Party for new members. At this party prospective members must pass tests and act as entertainers for the group. It closes with an initiation ceremony after which the pledges are recognized as full-fledged Letter Girls.

This club is sponsored by Miss Agnes Fletcher. During the spring semester it claimed approximately thirty members in good standing.

WESTCOTT G. A. A.

The Westcott G. A. A., under the supervision of Miss Kuglin is an active organization. At its meetings held on Thursdays and Fridays a game of volley ball, basket ball, or baseball, is always in progress. Or perhaps a tournament, in which all the girls take part, is the program for the day.

Outside regular school hours such activities as hikes, dances, splash parties, and games of field hockey provide wholesome recreation for the Westcott G. A. A.

Thursdays and Fridays are the meeting days of the Association. Those who officiate at these meetings are: June Frank, president; Veronica Perogis, vice-president; Frances Dembeck, secretary and treasurer.

BOARD OF SPORTS

We now present the body which rules over the girls' athletic associations in Calumet High School—The Board of Sports. Its members are girls who earn points by assuming leadership and responsibility in such activities as hikes, badminton tournaments, bowling, hockey swimming, volley ball, and softball. The award for superior attainment along these lines is a nice big blue C, presented to each winner at the Letter Assembly each semester.

GIRLS' BOWLING TEAM

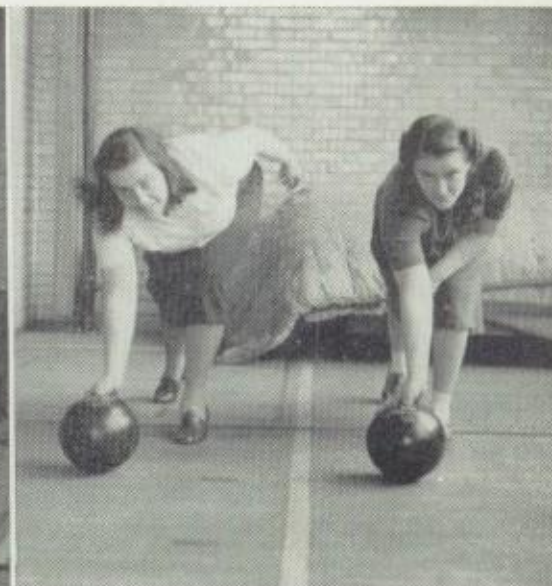

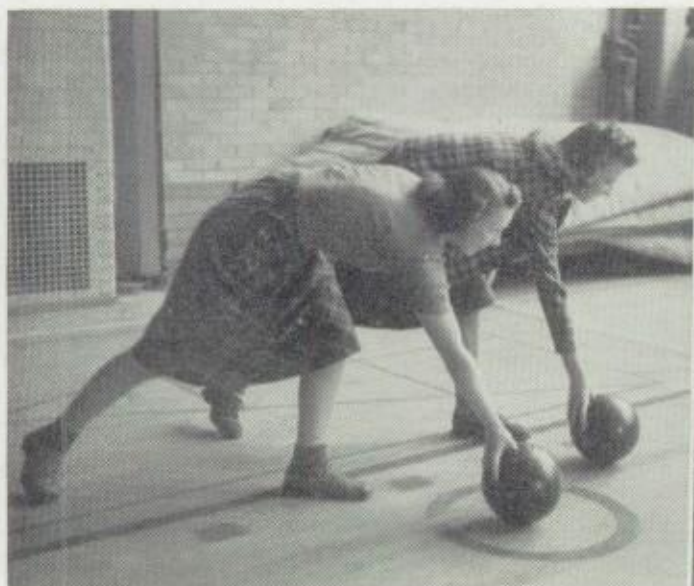

The Girls' Bowling Team was represented at the Championship Meet by the "Plucky Strikes," four young ladies who beat all opposition in the Calumet Highland League and emerged victorious in the City Finals.

Dorothy Olson, Mary Milicevich, Dorothy Fowler, and Priscilla Pick each received a bowling ball and a gold medal for the glory they won for Calumet.

ALPHA CHAPTER

Junior and Senior G. A. A. delegates, Letter girls, and members of the Boards of Sports, sponsored by Miss O'Brien, make up Alpha Chapter. Students in charge during the spring semester were Dorothy Caddick, president; Marion McKay, vice-president; Marion Denmark, secretary; and Evelyn Newton, treasurer.

The aim of the Alpha Chapter is promotion of higher standards of womanhood and lasting friendships among the girls of the school. The fact that many alumnae continue to attend Alpha meetings for years after they leave the school tends to prove that Alpha is truly successful in achieving its purpose.

BETA CHAPTER

The Beta Chapter of the G. A. A., sponsored by Miss Fletcher, is composed of first and second year room delegates who are prospective members of the Alpha Chapter and the Board of Sports. The officers for the spring semester were Dorothy Duncan, president; Pearl Knudsen, vice-president; and Marie Flynn, secretary.

The aim of the Beta Chapter is the same as that of the Alpha and Betas cooperate to the fullest extent with the senior chapter. Besides working for letter points they assist the Alphas at the party which is given at the end of each semester in honor of the third and fourth year members of the G. A. A. And when they give their party for the first and second year delegates, the Alphas reciprocate by helping to serve ice cream and hand out candy bars.

NEREIDES

Amid splashing and churning and showering of water our reporter managed, between splashes, to get a word with Edith Reinholdt, publicity manager of the water nymphs. She told him about the Pageant of Naiads. In fact she deluged him with adjectives. Her description rivaled that of the most dynamic Hollywood advance agent. But she did convince him that the girls were putting on an aquatic show worth several times the modest price charged for admission.

The club was started by Miss Laura Pearson in 1936, who has built it up to one of the outstanding groups of Calumet.

Officers are June Storz, President; Jewel Minnick, Vice-President; and Lois Wasson, Secretary-Treasurer.

Miss Marie Kuglin started a junior club this fall, but due to the pageant her girls haven't organized.

Those in the junior club will practice until they are eligible for the older group.

FRONT ROW: Johannesen, Hjerstedt, Atkinson, Follenweider, Hauss, Kenney, Sharpe, Radcliffe, Precin, Papajohn, Johnson, Lyman.

THE ROOTERS CLUB

The Rooters Club, founded by ex-cheerleaders and sponsored by Mr. Ashley, has become an outstanding organization at Calumet. Its various activities not only entertain its members but also benefit the school.

The club is headed by Marge Egan and Marilyn Tracy, president and vice-president respectively. Secretarial duties devolve upon Evelyn Johnson and Rosemary McCarthy controls the purse strings. Mary Britton recently was installed as social chairman with full responsibility for all social events.

The main objective of the Rooters is to arouse within the students of Calumet a feeling of loyalty toward the school. This means getting out a large attendance at all athletic games, keeping the school clean and attractive, and cheer-leading lustily at all intramural events.

But the organization does not overlook scholarship; prospective members cannot have a scholastic average below "G". They must also be of good moral character and be sponsored by a club member who is in good standing.

The club meets twice a month on alternate Mondays. Dues of ten cents per month are used to pay bus fares when the members go on trips to other schools, and to support various social service enterprises.

Mr. Ashley is to be commended for his work with the Rooters. He has aroused a strong school spirit and fostered an organization that can well recommend itself to other high schools.

THE FEBRUARY SENIOR CLASS

In mental fibre we, the February Seniors, outshine all former classes. We have excelled in all school activities, from those upon the athletic field that have demanded tough and rigid muscles, to those in the classroom that have required prolonged and intense mental exertion.

To prove the above contention we point with pride to Ray Swanke, class president and captain of the football team, who distinguished himself in the line that required brawn, and to Mabel Canham, class valedictorian, whose scholastic record during four years at Calumet never displayed a grade other than an "S".

In literary lines we also have stars that shown brilliantly: Howard Staff, whose flowing oratorical talents won him place as class orator, and Russell Stitt, whose journalistic ability on the Crier classes him among the great editorial leaders of the future.

The officers elected by this distinguished group were: Ray Swanke, president; Doris McIlroy, vice-president; Patricia Lamb, secretary, and Marvin Tornga, treasurer.

We have now made room for ourselves in the labor ranks of the world. Many of us are holding positions of importance. Our promotions will be rapid for, rising superior to the slings and arrows of outrageous fortune, we shall climb until we reach the very top of the ladder of success. Finally we shall attain a ripe old age when we shall look back affectionately, as we do already, upon the days of our joyous springtime at Calumet.

THE JUNE SENIOR CLASS

The June Seniors of 1939 make up one of the largest and strongest classes that has ever been graduated from Calumet. To prove this statement it is necessary only to go back over the history of the cheerful cherubs who entered this institution in September, 1935, and see how successfully they have withstood the attacks of seven groups of preceding seniors and emerged themselves as graduating seniors.

Among us certain of our graduates stand out: Margaret Lake, a modest miss of intellect and charm, who during her high school career has received but one grade lower than an "E"; Dorothy Kirschstein who has won us by her friendliness and warm cooperation; Bill Feters, dear to us because of the sheer charm of his personality, and Jim Fletcher, of giant intellect, who counts a host of friends at Calumet.

Our list of sportsmen boasts a galaxy of stars: Clarence Nettleton and Gus Ziagos, famous baseball pitchers; Norman Frank, star outfielder; DeLee Conlon, basketball hero; Jim Clancy, champion swimmer and diver; Swede Bergquist, valiant football end, and Tony Lambros, champion wrestler of both city and state.

Officers in charge of these remarkable seniors are: Charles Johnson, president; John Hart, vice-president; Mary Jane Sandner, secretary; and Joe Marshall, treasurer.

In June when we receive our precious sheepskins, tied with pretty ribbon some may think that we have finished our education. This is not true; we are beginning it. September will see us following, each in his own way, the pathways of life. We do not expect these to be strewn with roses but we are prepared to tread lightly on the thorns.

STANDING: Sara Aronberg, Valedictorian; John Ward, Orator; Joseph Marshall, Treasurer; Sylva Dushkes, Valedictorian. SEATED: Charles Johnson, President; Mary Jane Sandner, Secretary; Lorraine Goyke, Salutatorian; John Hart, Vice President.

THE NATIONAL HONOR SOCIETY

The purpose of the National Honor Society is stimulation of scholarship, promotion of leadership, development of character, and an encouragement of the desire to serve.

Membership in this organization has to be earned. Applicants must belong to the upper 15 per cent of the 4A class and must have earned, through character, scholarship, service and leadership 50 honor points each.

The Society motto is *Noblesse Oblige*—which translated means that nobility of birth requires nobility of conduct. During this year Calumet proudly enrolled a membership of 87 in its branch of the National Honor Society.

NATIONAL HONOR SOCIETY—FEBRUARY CLASS

JUNIOR HONOR SOCIETY

Membership in the Junior Honor Society is composed of students who are ambitious to qualify, during their senior semester, for membership in the National Honor Society.

Students from 1A to 4B inclusive are eligible for membership if they have a G + scholarship average and are willing to work for the school. In this way only the fifty service points, necessary for membership in the National, can be earned.

Meetings of this group are held approximately twice per semester when student records are checked and marks and points recorded. This procedure stimulates interest both in scholarship and in school activities and contributes towards the development of an all-around individual.

THE 4A AND 4B CLASS

As is only fitting, the two valedictorians set the pace for the 4A Class. Two "pals" had identical all-S records—Sara Aronberg and Sylva May Dushkes.

Lorraine Goyke, salutatorian, was Crier editor-in-chief with Oscar Goodman. Loraine Larson was Crier publisher and Kiwiette president; Shirley Martin and Naomi Fine were publicity directors for the newspaper. Other celebrities are Russell Bath, A.C.C.L. president; Winnifred Beal, A.C.C.L. secretary; Irving Wolf, Temulac business manager; Paul Hopkins, chief of police.

Among the busier 4B students is Virginia Petersen who is Girl Reserves' president and G.A.A. vice-president. Another is Leona Lewis, Girl Reserves' secretary and Crier city editor. There are many 4B's on the Crier staff: Jeanne Wacholz, Roberta Smead, Marion Denmark, Jean O'Dell, Charles Ziegenhagen, Violet Eckwald, and Neil Glass. Charlotte Krause is G.A.A. president. Lorraine Curtin is A.C.C.L. treasurer. Bob McNeal has won many swimming honors, while David Eden stars on the tennis team.

4B SUBSCRIBERS

BACK ROW: Hammer, Johnson, Coulson, O'Connor, McClellan, Stickler, Valiquet, Eisler, Follenweider, Sommer, Healy, Woehlke, Myers. THIRD ROW: Nicolett, Condon, Higgins, Blaul, Clancy, Peskin, Phillipp, Erck, Kanter, Fox, Matthiesen. Nelson, Comelius, Sandall, Cummings, Plumstead, Parker, Daus.

THE 3A CLASS

Outstanding among the 3A athletes are Jack Murphy, Jack Naughton, and James Bonner who specialize in track. Jack is the writer who gets all those interesting interviews with sports celebrities for the Crier. William Burdett "goes in for" wrestling. Athletic girls of the class include Ruth Fries who enjoys baseball, and Valborg Nyden, who is partial to volleyball.

Jorj Tychsen and Virginia Churchill are Crier page three editors. Virginia is known for her fashion sketches displayed in the first floor foyer. Dawne Lyman and Marilyn Tracy have charge of Crier circulation.

Adele and Muriel Cizek are twin club treasurers. Allen Burris is A.C.C.L. vice-president; Marge Egan, Rooter's club president; Hazel Redelin, Biology club president; and Doris Vollert, Girls' Chorus president.

3A SUBSCRIBERS

BACK ROW: Gunansky, Traver, Brogan, Reinke, Crowley, Vallera, Tracy, Heldman, Carrol, Arvesen, Rock. THIRD ROW: Barton, Blum, Toomey, Wiltjer, Newton, Rehnberg, Christian, Tychsen, Downes, Gustafson. THE 3B, 2A AND 2B CLASSES

Sophomore Jim Carroll has shown great promise as a basketball star. Margaret Jutzi, to hold up the girls' sports, is a very active member of the Board of Sports. She is also known as a singer. Dorothy Duncan, president of Beta, is also a member of the Temulac staff. Marjorie Laverty and she were two of the girls responsible for cutting and mounting senior photographs. She was also one of the six fortunate Cal-ites to receive a scholarship to the University of Chicago high school. Among the other fortunate people were Marjorie Bivins, Bob Guillaudeu, and Barbara Moss. Harry Good loves auto races.

A member of this 3B class, Georgia Haines, was elected the most popular girl in the school in a contest held in conjunction with the Clean-up campaign. Eleanor Carlson and Lorraine Bigelow are members of the Temulac staff. Lorraine had charge of picture appointments while Eleanor was a secretary in the literary department. Among the gifted members of the class are Kay Semow who appeared on an amateur hour, and Jean Dillon, known as a jitterbug and singer. Bob Haarlow and Bill Sims are on the basketball team.

2A AND 2B SCHOLARSHIP GROUP

FIRST ROW: Murphy, Davis, Newton, White, Bauman, Larson, Gibson, Konieczny, Clifford, Klinke, O'Leary.

1A AND 1B SCHOLARSHIP GROUP

THE FRESHMAN CLASS

A freshman who has already made a name for herself is Rojeanne McNally. She won a medal in a Tribune swim meet, and has joined the Junior Swim Club. Another freshman with an unusual talent is Lois White, a ventriloquist. She and her dummy, "Red," are bound to become very popular with the students. Robert Kruger is esteemed for his wisdom for he has been chosen a justice of the Student Court. Charles and John Lassa, brothers, have joined the band. Ray Senecal is an air-minded lad who hopes for a flying career. He works at the airport in return for instruction. Barbara Scholl is "just a jitterbug"; Marion Lydon, a "doodler."

THE WESTCOTT JUNIOR HONOR SOCIETY

The Westcott Junior Honor Society is a branch of the Calumet organization. Requirements for membership include a G plus average in major subjects, and also at least three service points a semester. The service card upon which points are recorded must also be approved by the division teacher. When the recorded points total thirty-five the member receives an arm badge as his award.

Gloria Swanson is officer in charge of the group. She does the work of four persons and does it well. Mr. Moore is faculty sponsor.

BACK ROW: Cronin, Panos, Hogan, Stender, Bromstedt, Day, Argard, Johnson, Carlson, Montague, Richardson. THIRD ROW: Bozzone, Alderson, Light, Friend, Frehlen, Litsinger, Bowman, Erickson, Tolen, Carson, Vigilante, Rysdon, Wakefield, Strick. Carlson, O'Brien, Tychem, Brennan.

THE JUNIOR CLASSICAL LEAGUE

The advanced Latin students of Calumet entirely of their own accord and solely because of their love of that language have formed a club dedicated to further study of Latin among themselves. Principals in charge of this unique organization are: Robert Hemple, Consul (President), Ray Nyberg, praetor (Vice-President), Jorj Tyschen, scriptor (secretary), and Allan Burris, aerarius (treasurer).

THE SPANISH CLUB

This club is a member of the Pan-American Club, a nation-wide organization. Its officers are Beverly Brownell, president; Juanita Coombs, secretary; Lorraine O'Brien, treasurer. Armilda Murphy and Yvonne Traner are delegates to the monthly meetings of the Pan-American Club.

This year for the first time the Pan-American Club is holding a regional convention in Chicago, at which all member clubs in the vicinity will be represented. Members of the Calumet group are eagerly anticipating this meeting.

BACK ROW: Messersmith, Eadon, Johnson, Wilke, Heden-schoug, Weafer, J. Nelson, Musselman, O'Brien, Williams. SECOND ROW: Davidson, Johnson, Carlson, Van Peer, Anderson, Cheney, Hannion, Trojan, Stolberg, Traver. FRONT ROW: Rawson, Danek, Murphy, O'Brien, Mrs. Spencer, Brownell, Coombes, Baker, Schneider.

SHOP COURSES HELP I

The Shop Courses are primarily doing courses. Pupils spend approximately eighty per cent of instructional time in learning the use of hand tools and small machines, and how to work with common construction materials such as metal, wood, glass, plastics, clay, and cement.

Methods in this course vary with the needs of the class. Sometimes instruction is given by the teacher to the individual; more often however it is given to small groups. Or it may be given by means of teacher and pupil demonstrations, moving pictures, chart study, and tests. Trips to industries are taken from time to time, when these tie up with the course that is being given in the laboratory.

THE CHOICE OF A CAREER

The Industrial Arts Laboratory Course presents to freshmen a general overview of Shop Courses with the idea that this orientation will assist them in their election of such courses in the future.

The general objectives of the course are: (1) To provide experience in handling many different tools, and acquaintance with a variety of materials common to industrial trade life. (2) To provide craft experience for leisure-time interest. (3) To interpret the modern industrial and trade world to ninth grade boys in academic high schools. (4) To provide opportunity to develop desirable social traits and qualities of leadership.

COMMERCIAL COURSES TRAIN STUDENTS

Mimeograph—eology

The Commercial Department has always been popular at Calumet. Today approximately fifty per cent of the incoming students elect the Commercial course and approximately thirty-two per cent receive diplomas from this department.

Stenography classes at Calumet are made up largely of girls, but classes in commercial law, bookkeeping, advertising, merchandising, salesmanship, and economics are composed of boys and girls in equal numbers.

Besides training students for jobs the Commercial Department acts sometimes as a Placement Bureau. It cooperates with the Illinois Employment Service and with local employers in the placement of graduates in jobs for which they are qualified.

For example Swifts, Armours, the Continental Illinois Bank and Trust Company, and the Harris Trust and Savings Bank every year send requests to Calumet for outstanding graduates to fill Commercial positions within their organizations.

Training the Young—Commercial

ENTS FOR RESPONSIBLE POSITIONS

Cal's Cal—"culator-ists".

Maybe Greek to Us—But Not to the Young Lady.

A new course has been offered this semester at Calumet by the Commercial Department and to seniors only—a most interesting course which promises to grow in popularity as soon as it becomes better known.

It is a course in self appraisal. Class time is used for the study of occupations and careers and for testing individual students. Pupils take mental tests, achievement tests, and aptitude tests, expecting in this way to develop a technique of self-guidance that will be of inestimable value in future life.

The most important objective of the course is, however, the prevention of "round" pegs trying to fit themselves into "square" holes where throughout life they may be most uncomfortable. In order to prevent such a calamity students in this class have an opportunity to analyze themselves, to discover their own aptitudes, and to decide in

what occupation or career they will be most valuable to society and in which they will find life most interesting and enjoyable.

THE AIR CORPS

The Calumet Air Corps is an organization made up of the upper classmen who are taking a course in Advanced and Military Aeronautics. To be eligible for membership they must have had a course in meteorology and also a course in either Airplanes or Engines. The members of the Corps receive advanced training in one of the three courses in Aeronautics that they have previously taken. One day a week is set aside for instruction in the rudiments of Air Corps activities and Infantry Drill. On this day they are also made acquainted with the various branches of Military Aviation, as for example, requirements for enlistment, opportunities while in service and also in civil life after they leave school, and the fundamentals of military discipline. This unit has taken an active part in many of our city-wide and community activities, such as acting as guards at airshows, and parading in Armistice and Memorial Day Parades.

THE CALUMET BAND

The Calumet High School Band has a twofold purpose: the advancement of musical education among its members and a promotion of interest in good music among the student body.

The Band, as a unit, is known as the Concert Band. It has two branches, the Military Band and the German Band. The Military Band is concerned with the tramp of marching feet and the German Band with music in a lighter and more popular vein.

No one who attends Calumet's assemblies can have failed to appreciate the "Military Interlude". No Calite is unaware of the semi-annual concert given in conjunction with the orchestra, and none can fail to recognize the growing popularity of the German Band for which many appearance requests are being received.

The 1939 slogan of the Band is UNIFORM YOUR BAND. Rallying around this slogan, the unit, under the leadership of Captain William Morris, has given dances, movie benefits, and other entertainments to raise the necessary funds.

The Band took part in the recently instituted Music Festival in which all Chicagoland Bands participated and it always plans a "March to Glory" in the annual Federal Inspection.

THE ORCHESTRA

The baton is raised . . . An expectant hush prevails . . . The "stick" descends . . . A swelling crescendo of sound rises . . . Now fades to strains as delicate as old lace . . . Again it swells, this time into the immortal harmonies of Beethoven . . . Mr. Thatcher is rehearsing the orchestra.

Under his talented leadership, and that of his assistants Ray Vandermaar, Concertmeister, and Robert Smith, Principal of Second Violins, the Calumet High School Orchestra has become one of the best school orchestras on the South Side.

It participates in outstanding musical events . . . In conjunction with the Band it presents a semi-annual concert thereby raising necessary funds . . . In March 1939 it played with four other group 1 orchestras at the Spring Musical Festival held at the International Amphitheatre before an audience of approximately nine thousand persons.

The Orchestra is divided into three groups: Beginners, Intermediate, and Advanced. The student who progresses satisfactorily from one to the other emerges with a thorough grounding in music, an invaluable sense of musical appreciation, and the ability to become a competent performer on the instrument of his choice.

THE ALLEPPACA CLUB AND THE CRESCENDO CLUB

MISS CAZIER

The A Cappella Choir is a group trained to sing without instrumental accompaniment. This type of singing requires a fine ear, tonal discretion, and a sense for balance and intonation on the part of each singer. This year the Choir has often sung at assemblies before an appreciative audience. In January it earned a place in the finals of the High School Choral Contest. In March fifty-four of its members participated in the Chorus of eight hundred picked voices at the great Festival of music held in the Chicago Amphitheatre.

The Crescendo Club specializes in the music of the Elizabethan era. At the Christmas assembly its members appeared in costumes of the Tudor period and sang ballets and madrigals. They also presented programs at the Central Eleanor Club and at Mandel's Department Store.

The Boys' Glee Club is made up of thirty-five enthusiastic, talented young men who present plays and choral numbers at assemblies, and go out for prizes at the Inter-High School Contest. The purpose of the club is a better understanding of the universal language of music and through this understanding a keener appreciation of music, of general culture, and of life itself.

To the student interested in the study of music in its various forms Calumet offers variety of opportunity. That students appreciate this opportunity is evidenced by the size of the enrollment in music classes and by the results shown in musical demonstrations.

THE GIRLS CHORUS

Calumet is proud of its Girls' Chorus—those sixty girls who meet every day 6B period in Room 144 because they love to sing. They study the best in music literature for treble voices and often during the year they delight their classmates by singing charming selections at the assemblies. At P. T. A. meetings, also, several times during the year, the mothers of Calumet hear these sweet girlish voices raised in song.

Members of the Chorus sing for two years, or more. Those who continue membership for four consecutive semesters earn a school letter. When members are lost through graduation new recruits are sought and applicants who can pass the voice test are accepted as new members.

The Boys' Chorus joins with the Girls' Chorus once each year and after weeks of practice together, put on an operetta. This event gives pleasure not only to those who participate in its production but also to parents and friends who compose a large and appreciative audience. And it will be well to add here that the profits from this operetta swell the school fund considerably.

The members of the Chorus enjoy a pleasant social life. Many friendships are formed because the common love for music draws individuals to each other. Each semester the girls give a tea for mothers and other close relatives. Once a year they give a dinner at International House, an event always eagerly anticipated and regarded as the high point in the social year.

The Chorus competes each year in the City Wide Contests held by all Chicago high schools to determine musical rank, and Calumet is the proud possessor of several cups and shields, substantial proof that the Chorus has many times earned a first place in these contests.

The sponsor of this musical group is Miss Margaret Blood and the officers in charge this year are Doris Volbert, president; Arlyne Harrison, vice-president; and Lorraine Larson, who is both secretary and treasurer.

THE MODERN ARTS CLUB

The Modern Arts Club meets under the leadership of Virginia Churchill "every so often" for the discussion of art. When all controversial questions in the field are settled, members consume refreshments, substantial but, of course, also artistic. Miss Dorothy Gorden sponsors the group.

THE SMOCK CLUB

The Smock Club is another small but select group interested in art. It is a peripatetic organization which spends much time at Chicago's Art Centers and which at its bi-weekly meetings discusses new discoveries in the arts. Joyce Bruner directs its activities and Miss Lavada Zutter is faculty sponsor.

THE HANDICRAFT CLUB

A third esoteric group of artists neither talks nor walks but instead it makes—everything from beads to wallets. No one can belong who does not work. Gertrude Kallis provides the inspiration for this group though as faculty sponsor, Miss Mary Logeman also takes a hand now and then.

MRS. DELEHANT

DRAMA CLASSES ENTERTAIN AT ASSEMBLIES

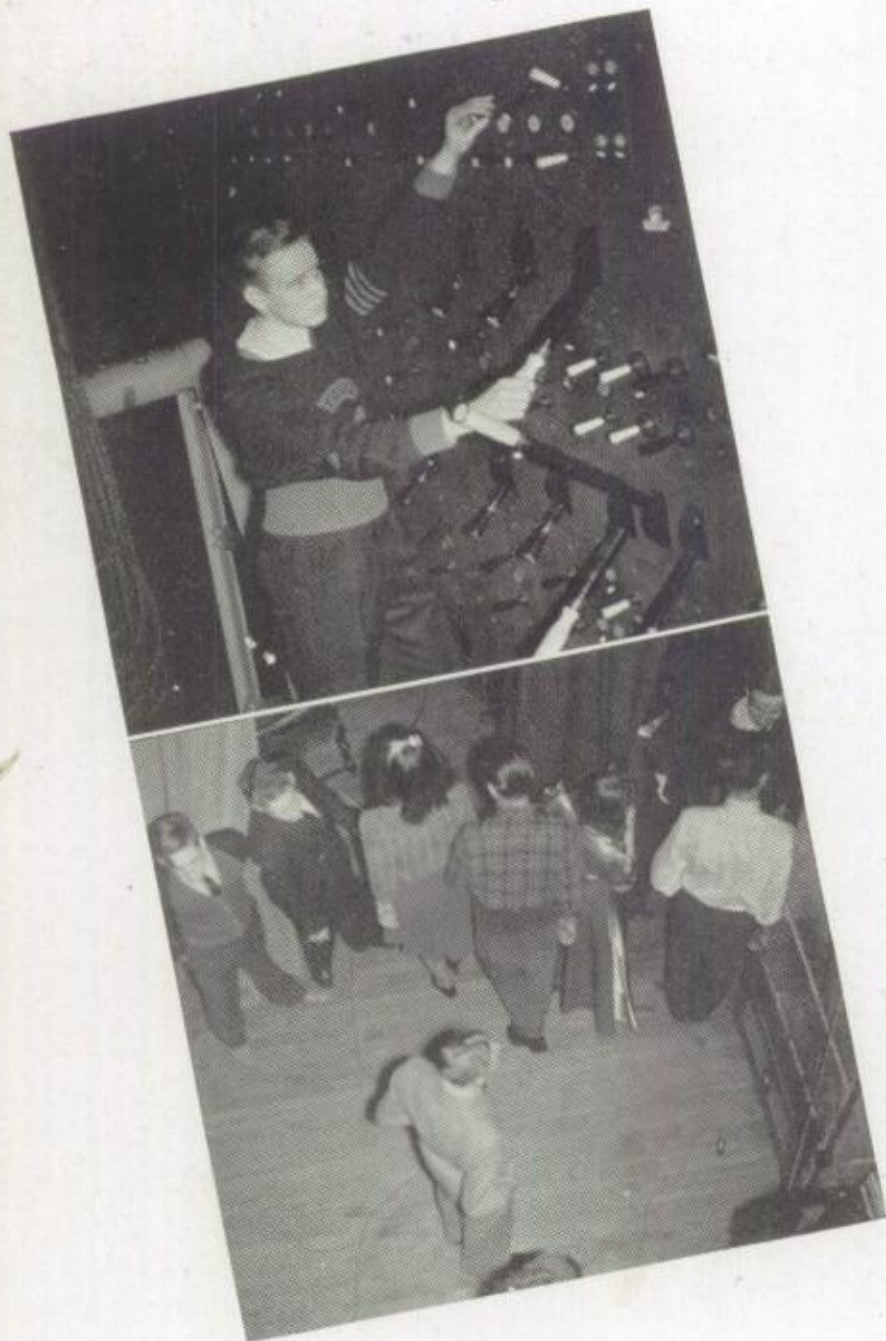

The Dramatic Department, by its intensive study of plays, develops in its students an intellectual and artistic appreciation of the drama. By offering them, also, the opportunity to participate in play production, it develops poise, provides training in speech, and encourages self-expression.

The student in the drama class receives an overview of the drama from its earliest Greek forms down to those of the present day, and an acquaintance with the three basic types from which all subsequent forms have evolved, plus training in the technique of acting. He learns how to interpret character by means of voice, dress, make-up, pantomime, facial expression, and how to evaluate initiative and ingenuity in himself. Finally he learns something of scenery, electrical equipment, and other details of the practical mechanics of play production.

In this course, also, the student learns to cooperate with his fellows. During rehearsals he discovers that while his part is important to him, it is also necessary to the whole play if the production is to be successful, and that the parts played by other members of the cast are not only equally important but actually dependent upon him for their success. In this way he develops a feeling of responsibility and a realization of the value of team work.

This year the activities of the dramatic department have been unusually interesting. On March 25, a picked group from the department told the story of our school to a large radio audience. On March 31, at an A. C. C. L. Friday Assembly, a group of promising young stars presented "A PAIR OF LUNATICS" to an appreciative audience and another group of equally promising young stars proved to the same audience that there's no doubt about it, "THREE'S A CROWD."

THE PAINT AND POWDER CLUB

The Paint and Powder Club, sponsored by Miss Clarabelle McKinlay, studies the art of theatrical make-up.

When Calumet gives a play or an operetta the members of this unique group may be found behind the scenes busily daubing cheeks and chins of players with rouge, emphasizing eyes and eye brows with mascara, and flipping powder puffs over the tout ensemble until a bewildering beauty, charm, and fascination is ready to enchant the audience seated out in front.

THE KIWIETTES

CAL'S AIR-MINDED GIRLS

Kiwiettes are girls interested in aviation, and organized for the purpose of fostering and furthering this interest at the Calumet High School. To be eligible for membership in this club, a girl must be either in her third or fourth year, have a "G" average, and be sponsored by a member in good standing.

The Kiwiettes meet informally once a week at which time a discussion on aviation is conducted by the sponsor or by guest speakers — usually airline stewardesses and pilots. The club also sponsors roller skating parties at White City. Profits from these parties are used to purchase equipment for the aviation shop and to establish a scholarship fund, which is awarded to a member of the Kiwiettes and may be used towards financing her first year in a nursing school in preparation for an airline stewardess position, or to pay for a course in flying which may lead to a solo pilot's certificate.

PILOTS CLUB

Calumet High School has the only active Pilots Club in the Midwest. It is made up of the boys and girls who hold Pilots' Certificates or who are learning to fly. To be eligible an applicant must be 16 years of age, have his parents' consent and be able to put in no less than one hour a month in flying.

This club meets evenings, once a week, at the sponsor's home during which time ground-school subjects directly related to flying, and civil air requirements are discussed. The membership of the club numbers twenty students and twelve alumni. Most of these students work after school in order to finance their flying.

JUNIOR AND SENIOR HI-Y

SENIOR HI-Y

The Senior Hi-Y, composed of third and fourth year students at Calumet, is an outstanding organization. It is sponsored by Mr. Royce Kinnick and meets every Tuesday evening at the Englewood Y. M. C. A. New members are eligible only through invitation; they must be voted upon by the entire club, and submit to rigid initiation ceremonies. Only when they measure up to specifications are they pronounced full-fledged members of the Hi-Y.

Hi-Y members are interested in athletics. They participate in swimming and baseball tournaments. This year they claim the swimming championship among the South Side groups in the city.

Officers for the Fall semester were Arthur Henning, president; Mindo Jakus, vice-president; Oscar Goodman, secretary; and Robert Schechner, treasurer. In the spring the Henning dynasty was continued with Jim Henning as president; Mindo Jakus, vice-president; Oscar Goodman, secretary; and E. V. Brown, treasurer.

JUNIOR HI-Y

The Junior Hi-Y is the Little Brother of the Senior Hi-Y. It is sponsored by Mr. Ellwood Smith and meets on Tuesday evenings either at the Englewood Y. M. C. A. or at the homes of its members.

A boy who wishes to belong to this organization must go out for a sport, be sponsored by a Hi-Y member, and be voted upon by the entire membership. And last, but not least, he must pass his initiation examination.

Only after he has submitted heroically to a severe application of cross paddles, has had his hair cut as only Junior Hi-Y barbers know how to cut it, and been given a refreshing, exhilarating tomato massage by Hi-Y experts is he a member of this interesting, valuable, and educational organization.

Junior Hi-Y Officers: Baker, Miller, Metzger

Senior Hi-Y Officers: Jakus, Henning, Goodman.

GIRL RESERVES PLAN CONSTRUCTIVE PROGRAM

The Girl Reserves Club is a branch of the Young Woman's Christian Association, a national and international organization with a membership in the United States alone of 300,000. On Chicago's South Side there are twenty-three branch clubs. The Calumet branch has a membership of one hundred and twenty-three.

The officers of the present Calumet Club are Virginia Petersen, president; Leona Lewis, vice-president; Dorothy Kirschstein, secretary; and Bernice Connors, treasurer.

The interests, purposes, and activities of the Girl Reserves are the same as those of the parent organization, but each club plans and carries out its own programs. These include discussion of occupations and careers for women, girl and boy friendships, attainment of charm and personality, and the advantages of travel and of such sparkling specialties as parties, plays, and excursions to points of interest in Chicago.

The symbol of the organization is a triangle within a circle, the triangle representing the individual girl and the circle the world within which she lives.

THE GARDEN CLUB

The Garden Club, organized for the purpose of making the school more beautiful, has an annual "Rose Day", when 4,000 roses go on sale. The profits are used to landscape the school more beautifully.

Officers of the club are Carolee Kumpfer, president; Lois Carlson, vice-president; Naomi Fine, publicity manager; Maribel Powers, secretary; and Douglas Horner, treasurer. Mr. E. F. Downey, principal, is honorary president, and Miss Ruby Fremont, is sponsor.

THE BIOLOGY CLUB

One of Calumet's least pretentious organizations is the Biology Club.

It is a small group of readers, experiment-workers, model-makers, plant growers, taxidermists, explorers, and animal tamers, not all of those things at the same time, but always good, active citizens of Calumet.

The members add to their usefulness, to the material equipment of the Biology department, and to their own happiness.

THE EQUESTRIENNE CLUB

Hoofs of horses kick up clouds of dust . . . Hair streams straight on the breeze . . . Cheeks glow into roses . . . Little white hands clutch frantically at reins and pommels . . . Down the Midway faster . . . and now faster . . . Calumet's Equestrienne Club comes a-riding.

This organization recently has celebrated its tenth birthday but if increased membership denotes youth and activity, it is still a mere infant for if one includes the pledges who must ride at least six times a semester in order to gain full standing, the club roster shows fifty members.

Miss Ethel Mealiff sponsors this group and the officers are Ruth Greenberg, president; Renee Davis, vice-president; and Louise Hacker, secretary and treasurer.

LEFT TO RIGHT: Renee Davis, Alice Carroll, Helen Skalski, Carol Rehder, Jean Hocker, Lorraine Goyke, Marcella Crossen, Leona Wolfe, Shirley Thies, Mr. Parker, Isabelle McCauley, Francis McClelland, Shirley Leffler, Nettie Sandall, Ruth Greenberg, Betty Luse.

THE DEBATING CLUB

The Debating Club is an entirely new type of organization at Calumet. It was formed in the spring semester of 1939 for the purpose of promoting inter-scholastic debating.

The club is sponsored by Mr. Booth and is governed entirely by the students. Members learn how to gather and organize material, use their voices effectively, gain self-confidence and acquire sportsmanship.

Officers are Bernie Lord, president; William Schaeffer, vice-president; and Howard Smith, secretary.

THE MASK AND FOIL CLUB

Last year a few of the youthful knights of Calumet decided that they would like to learn the noble and elegant art of fencing. They organized a club and called it the Mask and Foil.

This year the organization has also proved attractive to the fair sex. It now boasts a membership of five ladies as well as its fifteen knights. A team, selected by the group, competes at inter-school meets. The mascot is a stuffed rabbit. If the team wins the rabbit acquires additional physical assets. If the team loses, the rabbit must relinquish a part of his anatomy.

The present status of the team may be easily guessed; the rabbit has lost both ears.

MOVIE OPERATORS

Under the leadership of Mr. Joseph Dickman, the Movie Operators' Club, with motion pictures and sound films, contributes its bit to education at Calumet.

Machines owned by the club are the best that money can buy. Their intricate mechanism requires expert handling but trained operators are always on hand when needed. They receive their training from Ray Nelson, president, and his group of well-qualified assistants.

Probably no other club in Chicago meets when this club gathers—Monday mornings at 7:30.

WESTCOTT PHOTOGRAPHY CLUB

Jack Gardner, president, assisted by Earl Bromstedt, vice-president, directs activities. They teach the shutterbugs how to take pictures, how to print and develop them, and how to get the best effects. The profits from skating and dancing parties pay for necessary materials and meet other expenses of the group.

CAMERA CLUB

Hold that pose! Look at the birdie! and other stock phrases of the photographer are in order whenever the newly organized Camera Club meets in session.

This club claims twenty ardent fans. The members are trying to solve the mysteries of plate and film. With devoted enthusiasm they seek to accomplish the wonders of their art. And if this fascinating hobby continues to gain popularity in the future, as it has in the past, the Camera Club will soon be one of our outstanding organizations.

THE GEMINI CLUB

If you see double these days don't call a doctor, you're only watching the Twins go by.

Calumet has twenty-five pairs of twins. All belong to the Twin Club, the most publicized club in the school.

This Club, which meets on alternate Tuesdays, is sponsored by Mr. Joseph Dickman. Its officers are elected in pairs. For example, the presidents are the Gleason twins, Mary and Kathleen.

THE WESTCOTT DRAMA CLUB

The Drama Club meets each Tuesday, 8th Period, with Mrs. Helena McGinnis as sponsor. The meetings are varied, every second meeting being a business meeting. Other meetings are given over to practising plays, proper speech, and acting. The business meetings are conducted according to Parliamentary Law. The officers this semester are: Ralph Johnson, President; Virginia Kuyper, Vice-President; Betty Cloyd, Corresponding Secretary; Helen Panos, Recording Secretary; and Martha Richards, Treasurer.

Each semester the Drama Club gives a performance of two or three one-act plays. Admission is 10c and proceeds are used to help fix up the school, to buy new plays, and to pay for awards.

Membership this semester exceeds forty. The dues are 10c per semester and any member will tell you that it is well worth that and more.

SOCIAL LIFE AT CALUMET

THE FALL FROLIC

If all work and no play make Jack a dull boy and Jill a dull girl then certainly there are no dull Jacks or Jills at Calumet. The school provides abundant opportunity for wholesome recreation.

We shall mention first the socials on Friday afternoon where students step and whirl to the music of the nickelodeon recently purchased by the A. C. C. L. Entertainment at these functions varies from the simple Get Acquainted Social, where the guests talk informally in the language of locker and lunchroom, to the elaborate Costume Party where they trip the light fantastic clad in the frocks and breeches of a by-gone era, and murmur courtly amenities.

The Fall Frolic and the Green Hop, given by the Senior Girls' Council during Fall and Spring semesters, always can sell more bids than are available. Teachers and parents act as patrons and patronesses and students swing and sway in formal attire at these popular social affairs.

But of course the big event of the semester is the Prom given by each class of graduating seniors. In the beautiful ballroom of one of Chicago's luxury hotels, guests dance to the music of a famous orchestra, promenade in pairs beneath soft, glamor-giving lights, and live their "biggest dream come true."

THE MILITARY BALL

THE TIE THAT BINDS

Louis Wolfe was a member of the Class of '22. Now he's married, has a boy of three, and earns his living servicing refrigerators for the General Electric Company.

On a recent Saturday morning he was sent to an apartment building to check a refrigerator. Imagine his surprise when the tenant turned out to be a Calumet teacher.

She sat on a chair in the kitchen and while Louis explored the inside of the ice box they chatted chummily about the good old days at Calumet.

"Swell teachers then at Cal," Louis said, flashing his tiny light into the interior of the recalcitrant box. "Mr. Booth, now . . . That guy's smart . . . Uses his head . . . Taught me a lot . . . And Mr. Seabrook . . . Did he get after me in woodshop . . . Made me cut out the monkey business and get down to work."

His job finished, Louis packed up his tools and started toward the door. Then he paused a moment to add, "A bunch of us from Cal meet at each others' homes about once a month . . . Often we get out the old annuals . . . And do we laugh! Gosh, I wouldn't take anything for those old Temulacs."

The above illustration, reproduced for the first time, is a copy of a painting in the offices of the Fred Klein Company. Mr. Walter F. Klein, after much painstaking research and expense, commissioned an artist to paint this authentic composite of all the departments in an early print shop. The work was done from some of the oldest prints in existence.

The Fred Klein Company extends to its many school friends and customers an invitation to view this beautiful and authentic painting.
